

## Material Safety Data Sheet

According to Regulation No 1907/2006/EC – REACH, No. 453/2010 and No 1272/2008/EC - CLP

Version No: 6.1

Date of revision: 01/23/2015

Replaced version No 6.0

|                  |   |  |
|------------------|---|--|
| <b>SECTION 1</b> | Identification of the substance/mixture and of the company/undertaking        |  |
| 1.1              | Product identifier  | <b>FOMA DP(W16), part B</b>  |
|                  | Other name or labeling of product:  | -  |
| 1.2              | Relevant identified uses of the substance or mixture and uses advised against |  |
|                  | Two-piece powder developer for processing of RTG films                        |  |
| 1.3              | Details of the supplier of the safety data sheet                              |  |
|                  | Supplier : Downstream User<br>(Producer Mixture)                              | FOMA BOHEMIA spol. s r.o.(Ltd.)<br>J. Krušinky 1737/6, 500 02 Hradec Králové<br>tel: 495 733 111                                       |
|                  | E-mail address and phone number   | ilona.spackova@foma.cz<br>+420495733368  |
| 1.4              | Emergency telephone number<br>(Czech)   | Toxicologic institute (TIS)<br>Na Bojišti 1, 128 21 Praha 2<br>Tel. 224919293, 224915402<br>(continuous telephone information service) |

(Full text R, H-phrases... section 16)

|           |                                   |                    |
|-----------|-----------------------------------|--------------------|
| SECTION 4 |                                   | First aid measures |
| 4.1       | Description of first aid measures |                    |

|     |  |
|-----|--|
|     | Disabled person to lead from the contaminated area, bringing it into a state of peace and to facilitate breathing by loosening clothing, watch, and if necessary to maintain its vital functions. If you are experiencing symptoms of acute injury (shortness of breath, persistent cough, chest pain, nausea, impaired sensory perception, fainting, etc.), call a physician or transport the injured person to a doctor. |
|     | After contact with skin:Wash affected area thoroughly with water.  |
|     | Eye Contact: Remove any contact lenses and eye as soon as possible wash with plenty water. If necessary, open up violence cramped eyelids. Avoid contamination not contaminated eye wash liquid.. Do not neutralize. Seek medical help.  |
|     | Exposure by inhalation: Remove patient to fresh air, warm water rinse eyes, mouth and nasal cavity.  |
|     | Ingestion: Affected person calm, clear water rinse. Place to drink a glass (about 0.4 dl) of cold water. Do not induce vomiting. If affected persone vomit spontaneously, control to prevent inhalation of vomit. Do not administer activated charcoal, and no neutralizing agent. Call a physician or transport the affected person to a doctor.  |
| 4.2 | Most important symptoms and effects, both acute and delayed  |
|     | Not known  |
| 4.3 | Indication of any immediate medical attention and special treatment needed   |
|     | In the workplace, running water and soap.  |

|                  |   |
|------------------|---|
| <b>SECTION 5</b> | <b>Firefighting measures</b>  |
| 5.1              | Extinguishing media   |
|                  | The product is not very flammable. Extinguishing agents adapt burning nearby. |
|                  | Inappropriate extinguishing media: N.a.                                       |
| 5.2              | Special hazards arising from the substance or mixture                         |
|                  | When burning, formation of toxic fumes  |
| 5.3              | Advice for firefighters: Breathing apparatus                                  |

|                  |  |
|------------------|--|
| <b>SECTION 6</b> | <b>Accidental release measures</b>   |
| 6.1              | Personal precautions, protective equipment and emergency procedures  |
|                  | Zoom out persons not participating in the elimination of consequences of the accident out of reach. Ventilate enclosed spaces. When removing the consequences of the accident using the prescribed personal protective equipment. When working on the disposal of the accident contained breathing apparatus and full protective suit. No smoking and treatment with an open fire. |
| 6.2              | Environmental precautions  |
|                  | Do not allow substance to enter soil, sewage system, surface and groundwater.  |
| 6.3              | Methods and material for containment and cleaning up   |
|                  | The spilled product by mechanical collection. According to the extent of leakage select the appropriate tools: broom, dustpan, vacuum equipment, etc. Minimize dust. Gather into a suitable labeled container for further processing or disposal. Spill site with water. Contaminated washing water contain and remove.  |
| 6.4              | Reference to other sections  |

|  |                |
|--|----------------|
|  | See section 13 |
|--|----------------|

|                  |  |
|------------------|--|
| <b>SECTION 7</b> | <b>Handling and storage</b>  |
| 7.1              | Precautions for safe handling  |
|                  | While working to comply with basic requirements of safe work. Wear recommended personal protective equipment. Avoid contact with eyes. By manipulation prohibits eating, drinking and smoking, working with hot materials and open flame. Equipment must be equipped with means of extinguishing in enclosed areas, ventilation should be provided, either naturally or forced. Apparatus, which works with the substance must be tight, equipped with emergency escape in case of space (emergency baths, catch pits) and to prevent leakage into the environment. Electrical equipments must be installed in non explosion proof (including lighting). Workplaces must be kept clean and escape routes must remain free. |
| 7.2              | Conditions for safe storage, including any incompatibilities   |
|                  | Store in original container in a cool, dry and well ventilated place. Containers should be stored separately from food. The working solution prepare according to the instructions.  |
| 7.3              | Specific end use(s)  |
|                  | See in 1.2. , Other uses – not available   |

| <b>SECTION 8</b>                          | <b>Exposure controls/personal protection</b>   |                        |         |            |                                     |                  |                 |                                      |                         |   |                                   |                     |                       |
|---|--|------------------------|---------|------------|-------------------------------------|------------------|-----------------|--------------------------------------|-------------------------|---|-----------------------------------|---------------------|-----------------------|
| 8.1                                       | Control parameters   |                        |         |            |                                     |                  |                 |                                      |                         |   |                                   |                     |                       |

|      | N.a.                             |
| 10.4 | Conditions to avoid              |
|      | High temperature                 |
| 10.5 | Incompatible materials           |
|      | N.a.                             |
| 10.6 | Hazardous Decomposition Products |
|      | N.a.                             |

|  |  |  |
|--|--|--|
| <b>SECTION 11</b>  | <b>Toxicological informations</b>  |  |
| 11.1   | Information on toxicological effects   |  |
| Acute toxicity   | Harmful if swallowed   |  |
| Skin corrosion/irritation  | Based on available data, the criteria for this classification are not match up |  |
| Serious eye damage/eye irritation  | Causes serious eye damage  |  |
| Respiratory or skin sensitisation  | May cause an allergic skin reaction  |  |
| Germ cell mutagenicity   | Suspected of causing genetic defects   |  |
| Carcinogenicity  | Suspected of causing cancer  |  |
| Reproductive toxicity  | Based on available data, the criteria for this classification are not match up |  |
| Specific target organ toxicity — single exposure   | Based on available data, the criteria for this classification are not match up |  |
| Specific target organ toxicity —   | Based on available data, the criteria for this classification are not match up |  |
| Aspiration hazard  | Based on available data, the criteria for this classification are not match up |  |
| LD <sub>50</sub> oral, human : > 29 mg/kg (hydroquinone)   |  |  |
| LD <sub>50</sub> oral rat: > 320 mg/kg (hydroquinone)  |  |  |
| LD <sub>50</sub> derm., rat : > 9000 mg/kg (hydroquinone)  |  |  |
| <u>Likely routes of exposure and symptoms related to the physical, chemical and toxicological characteristics:</u>                           |  |  |
| Toxicity oral. (ingestion / swallowing):<br>Ingestion may cause nausea.  |  |  |
| Toxicity inhal. (inhalation):<br>The product is not dangerous. Sensitive individuals may irritate respiratory system                         |  |  |
| Toxicity dermal.<br>May cause irritation skin  |  |  |
| Eye Contact:<br>Causes serious eye damage  |  |  |
| Immediate, delayed and chronic effects of short and long term exposure:<br>May cause damage to organs through prolonged or repeated exposure |  |  |

|               |  |
|---------------|--|
| SECTION<br>12 | Ecological information   |
| 12.1          | Toxicity   |
|               | LC <sub>50</sub> (fish)/96hour: 0.15 mg/l (hydroquinone) EC <sub>50</sub> (daphnia)/24hour: 0.11 mg/l (hydroquinone)<br>EC <sub>50</sub> (water algae)/72hour: 0.33 mg/l (hydroquinone)<br>LC <sub>50</sub> (pimephales promelas)/96hour: 0.044mg/l (hydroquinone)<br>Mixture is highly toxic for aquatic life |
| 12.2          | Persistence and degradability  |
|               | Hydroquinone is considered to be biologically degradable.  |
| 12.3          | Bioaccumulative potential,   |
|               | N.a.   |
| 12.4          | Mobility in soil   |
|               | N.a., the product is soluble in water  |
| 12.5          | Results of PBT and vPvB assessment   |
|               | Not available. Substances are not identified as a PBT or vPvB  |
| 12.6          | Other adverse effects  |
|               | N.a.   |

|               |  |
|---------------|--|
| SECTION<br>13 | Disposal considerations  |
| 13.1          | Waste treatment methods  |
|               | Code and type of waste   |
|               | 09 01 01* – aqueous developer solutions<br>15 01 10 * - packaging containing residues of hazardous substances  |
|               | The recommended method of disposal of the substance/preparation:   |
|               | The spilled product by mechanical collection. Minimize dust. Gather into a suitable labeled container for further processing or disposal. Spill site with water. Contaminated washing water and mix the solution contain and remove. Spilled product let soak up with inert absorbent material and pass the person authorized to remove. Must not be disposed of with household or other waste. Do not wash into sewerage. |
|               | The recommended method of disposal of contaminated product packaging:  |
|               | Emptied containers pass to the authorized person   |
|               | Waste legislation  |
|               | Directive No. 2008/98/ES   |

|               |                       |
|---------------|-----------------------|
| SECTION<br>14 | Transport information |
|---------------|-----------------------|

**Land transport ADR/RID (cross- border):**

|           |      |
|-----------|------|
| UN number | 3077 |
|-----------|------|

|  |   |
|--|---|
| UN proper shipping name  | ENVIRONMENTALLY HAZARDOUS SUBSTANCE, SOLID,N.O.S.<br>(HYDROQUINONE)   |
| Transport hazard class(es)   | 9   |
| Packing group  | III   |
| Labels   | 9     |
| Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code | Tunnel restriction: E   |
| Remarks:   | The product is carried in single or combination packagings containing a net quantity per single or inner packaging of 5 kg or less and is not subject to any other provisions of ADR provided packaging meet the general provisions of 4.1.1.1., 4.1.1.2 and 4.1.1.4 to 4.1.1.8 ( according to chapter 3.3 ADR, special provisions 375) |

**Maritime transport IMDG:**

|                         |   |
|-------------------------|---|
| UN number               | 3077  |
| UN proper shipping name | ENVIRONMENTALLY HAZARDOUS SUBSTANCE, SOLID,N.O.S.<br>( HYDROQUINONE)  |
| IMDG class(es)          | 9   |
| Packing group           | III   |
| EMS number              | F-A, S-F  |
| Segregation             | Category A  |
| Marine pollutant        | Yes   |
| Labels                  | 9     |
| Remarks:                | The product is packaged in single or combination packagings containing a net quantity per single or inner packaging of 5 kg or less and is not subject to any other provisions of IMDG Code relevant to marine pollutants provided the packagings meet the general provisions of 4.1.1.1, 4.1.1.2 and 4.1.1.4 to 4.1.1.8. (according to Chapter 2.10, paragraph 2.10.2.7) |

**Air transport ICAO-TI and IATA-DGR:**

|                         |   |

| DPD  | Direction (ES) 1999/45/ES             |
| PBT  | Persistent, bioaccumulation, toxic    |
| vPvB | High persistent, high bioaccumulation |
| SVHC | Substance of very high concerns       |
| DNEL | Derivated No-Effect Level             |
| PNEC | Prediction No-Effect Concentration    |

| <b>Materials used for the processing of safety data sheet</b>  |   |
|--|---|
| Information provided by the producer<br>Material Safety Data Sheets (MSDS) for chemical substances   |   |
| R, H-phrases :   |   |
| H351   | Suspected of causing cancer   |
| H341   | Suspected of causing genetic defects  |
| H302   | Harmful if swallowed  |
| H318   | Causes serious eye damage   |
| H317   | May cause an allergic skin reaction   |
| H400   | Very toxic to aquatic life  |
| H411   | Toxic to aquatic life with long lasting effects   |
| H410   | Very toxic to aquatic life with long lasting effects  |
| R40  | Limited evidence of a carcinogenic effect   |
| R68  | Possible risk of irreversible effects   |
| R22  | Harmful if swallowed  |
| R41  | Risk of serious damage to eyes  |
| R43  | May cause sensitisation by skin contact   |
| R50/53   | Very toxic to aquatic organisms, may cause long-term adverse effects in the aquatic environment |
| R50  | Very toxic to aquatic organisms   |
| Guidance regarding the training of workers:  |   |
| <p>Workers coming into contact with hazardous chemicals or products must have access to data which are presented in this MSDS and be familiar with them clearly.</p> <p>Person transporting hazardous chemicals and preparations must be familiar with guidelines for emergency response in accordance with regulations on hazardous goods within the meaning of ADR / RID.</p> <p>The information contained in this MSDS are currently valid data and best practices for use and handling of this substance under normal conditions. Any other use or handling of this substance, which is not consistent with those of MSDS, excludes liability for defects, respectively damage, which would otherwise meet the producer, importer or retailer.</p> |   |
| Revised safety data sheet:   |   |
| version 6.1 – changes in section 1.3 and 2.2– address of supplier, 14- changed information for maritime and air transport  |   |
